

Stakeholder Conference of the Urban Platform Danube Region (UPDR) on the 27th January 2015

City of Vienna

How do we proceed?

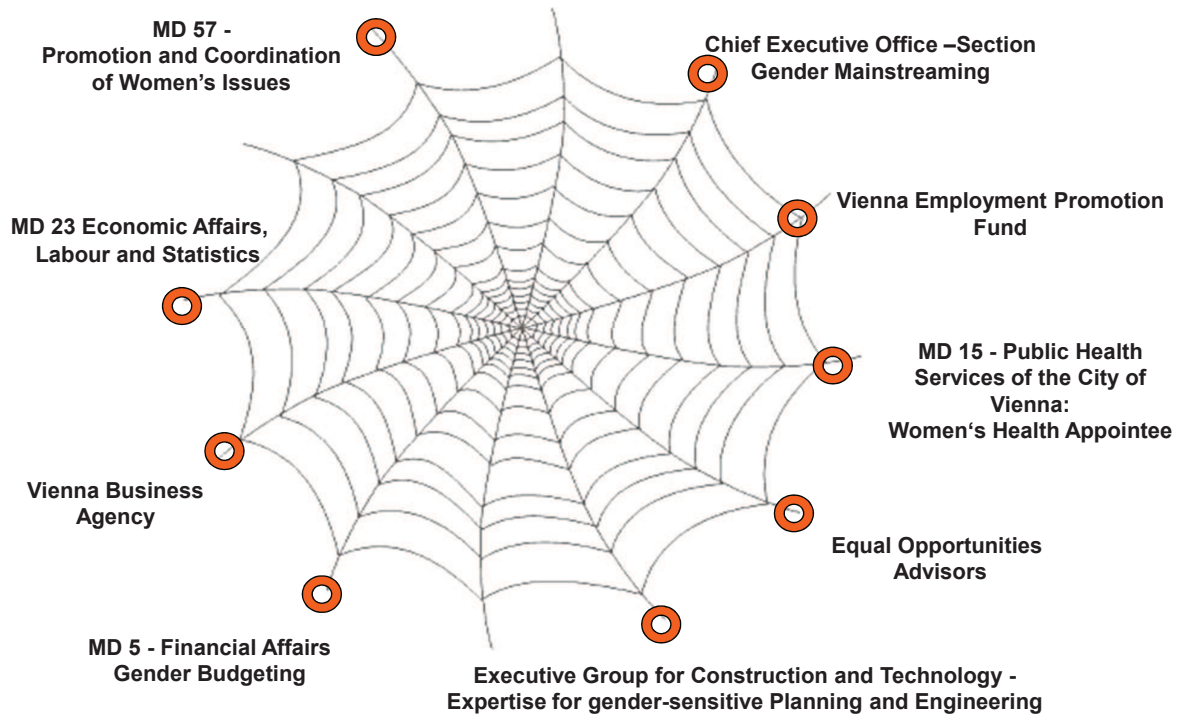

1. Drawing attention to gender-caused differences & offer capacity building lobbying and campaigns, gender trainings for public employees, research and information, guidelines
2. Integrating gender aspects into all steering and controlling systems + reorientation gender budgeting, quality management, gender check for legislation
3. Making changes visible by means of pilot projects such as gender sensitive childcare

“Women’s idea of utopia is the subversion of everyday systems becoming manifest in 100,000 small things.

The sum of the subverted elements would create totally different cities.”

Kerstin Dörhöfer, german architect & feminist
